

My Dream Team Docs

The Aesthetic Center for Plastic Surgery
The Texas Center for Cosmetic & Implant Dentistry

MyDreamTeamDocs.com was started by two of the most respected medical practices in Texas: The Aesthetic Center for Plastic Surgery® (ACPS®) and the Texas Center for Cosmetic & Implant Dentistry. Our mission is to bring together the finest, most talented doctors in their fields so that the Texas community has a trustworthy resource for their cosmetic medical needs. Our doctors have consistently been voted Top Doctors in H Texas Magazine as well as other publications. They are members of the most distinguished boards and societies for their respective specialties, and their

practices are members of the Better Business Bureau. Dr. Guy Lewis, DDS, FADFE, founder of the Texas Center for Cosmetic and Implant Dentistry, has become known as the "Dentist of Champions." As the official cosmetic dentist of the Houston Astros, Miss Texas Beauty Pageant, and many Olympic gold medalists, Dr. Lewis has become known for his skill at providing beautiful smile makeovers. He developed his own unique brand of no-prep porcelain veneers, the G. Lewis Veneers, which are made of lustrous ultra-thin, durable porcelain that looks amazingly natural.

Dr. Christopher K. Patronella, Dr. Henry A. Mentz, Dr. German Newall, Dr. Paul F. Fortes, and Dr. James F. Boynton are the award-winning plastic surgeons of The Aesthetic Center for Plastic Surgery®. They are widely respected by their patients and colleagues alike. Their patients come from all parts of the globe for our surgeons' gifted abilities to blend advanced surgical techniques with the artistic vision required to achieve dramatic body contouring and facial rejuvenation results. Their patients equally appreciate the outstanding support and comprehensive care they receive throughout every point of their experience at ACPS®. With

an impeccable safety record, ACPS's surgeons have implemented the most stringent safety protocols and received the highest certification possible for their private surgical facility, The ACPS® SurgiCentre.

The doctors of MyDreamTeamDocs.com share a common goal and passion: to help patients achieve their aesthetic dreams by using the highest standards of excellence in technique, customer care, and business practice. Each and every patient is given personalized attention and treated with respect and dignity. You can trust we will take care of you as we have our thousands of loyal and satisfied patients.
